

we're going **Totally Locally** Chapel-en-le-Frith

If every adult in Chapel-en-le-Frith spent just £5 per week in our local shops & businesses, instead of on-line or at the big supermarkets, it would mean an extra **£2.1 MILLION A YEAR** going into our local economy!

Which means more jobs, a better town and a nicer place for us all to live. Makes you think doesn't it?

TotallyLocally

is all about Me, You, Him & Her. It's about shopping in your street, your town, your district.

It's about jobs & community, it's about investing today for a prosperous tomorrow, it's about making our towns better places to live, work & visit.

Totally Locally is about opening your eyes to the great independent shops and businesses which grace our streets and the nearby area. It's here to encourage you to turn into the door of that shop you walk past every day. Go on, give it a try – there's a good chance you'll want to go back.

It's about supporting local growers, producers and services – be it furniture makers, accountants, farmers, butchers, florists or bakers.

Most of all though it's about people. Great people. People who care about what they do, what they grow, what they make and ultimately the people they sell it to.

And it's about all of us. A collective responsibility of all of us to support these businesses. Because when we do our towns thrive. If you support a local shop or business, chances are they support at least ten others. It's the very structure of what we have come to love about this town.
